Tips & Tricks for (prospective) students

Great to hear you've decided to study! You can certainly look forward to some fantastic weeks: the start of the academic year with various introductory activities beforehand. So how can you deal with all of this in a fun, effective and healthy manner, so you can enjoy this introduction period without worrying about corona? Below are a few tips and tricks.

Vaccination without the need for an appointment

You can come and see us to get vaccinated without the need to make an appointment from Monday 16th August. Have you not yet been vaccinated against corona? Then do make sure you pop into one of our vaccination locations between 10.00 and 15.00 hours, without the need to make an appointment first. Bring along a valid proof of ID. Are you a foreign student and don't you have your social security number yet? No problem, you can still get vaccinated. For more information, please visit www.ggdhvb.nl/prikkenzonderafspraak.

Testing for corona

Have you been around a lot of people, for example during a birthday celebration, or at school or work? Or are you returning from a holiday? Then make sure you do a corona self-test. This will prevent you from unknowingly spreading the coronavirus. You can find more information on Rijksoverheid.nl/zelftestenbestellen. Any symptoms? Then arrange to be tested at the GGD. Also if you've been vaccinated. You can make an appointment with DigiD via www.coronatest.nl or by telephone via 0800-1202.

CoronaCheck-app

Install the CoronaCheck-app on your phone. You can only participate with social activities with the CoronaCheck-app and your proof of ID. You will be given a QR code for access once you're completely vaccinated and have tested negative or recovered from corona in the last 180 days.

Testing without an appointment

You can arrange to be tested for corona without an appointment at the GGD test location in Tilburg at the Ringbaan West 227. Also if you're not displaying any symptoms, or if you've been vaccinated. You can visit this test location between 10.00 am and 3.00 pm from 20th August to 6th September. Don't forget to bring a valid proof of ID with you.

Prevent a corona infection and protect yourself and your student city!
